

## WEEK THEME - STUDENT LIFE

### Parents/ Carers

Shaping Futures is an outreach programme for Liverpool City Region formed by 12 local Higher Education (HE) providers and we have adopted an information and guidance model of service delivery, providing impartial higher education-related activities and progression advice. We are committed to helping learners, parents, teachers and advisers better understand the pathways to Higher Education available for young people and support with any decisions throughout their education journey.

As a result of the current Coronavirus pandemic, parents & carers are understandably concerned about the impact upon their children's education and the process of making key decisions at key transition points. With this in mind, we have re-modelled our usual 'face to face' approach of interventions with students in favour of a 'Virtual' offer and have developed an 8-week package of online IAG (Information Advice & Guidance).

Each week will be themed as outlined below and each day will have a different activity/resources for your child to explore, all have been designed to be stand-alone activities so that participants can join in at any point

Week	Date Commencing:	Theme
1	27/04/2020	Wellbeing & Resilience
2	04/05/2020	Finance
3	11/05/2020	Study Skills
4	18/05/2020	Student Life
Half term	25/05/2020	Half Term - Fun
5	01/06/2020	Making Transitions
6	08/06/2020	Careers (Part 1)
7	15/06/2020	Careers (Part 2)

### This week's activities are:

#### Aims:

1. There are many accommodation options for students at university and research is key.
2. There is a range of academic support for students and timetables can vary greatly
3. Societies and Sports Clubs are a large part of student life and a great way of making friends
4. Students have a range of opportunities available to them including studying abroad for a year or taking a year in industry.
5. No matter what a student decides to make the most of at university, support will always be there from the university.
