[Edge Hill Study Support](#)

Academic life at university can bring a lot of pressure. There is always support available, such as this at Edge Hill. You will be able to find what support is available at each university on their website.

[The Times - Higher Education](#)

Being a student at university can be very different as you have to balance your study time and your social life. Looking into what a day in the life of a student can be helpful to help you picture this.

A large part of studying at university is independent learning. This will involve different study skills than you may have used before. Have a look at our study skill resources to help you prepare for university.
