

Careers Self Assessment

This is a good way of helping to generate some career ideas or if you already have them it should highlight these as possibilities.

You will answer a series of questions to find out more about your skills, interests, motivations and desires to create a group of careers you can explore further!

beta.nationalcareers.service.gov.uk/

Using this link from The National Careers Service, answer some quick questions to find out your skills and what careers are best suited to you!

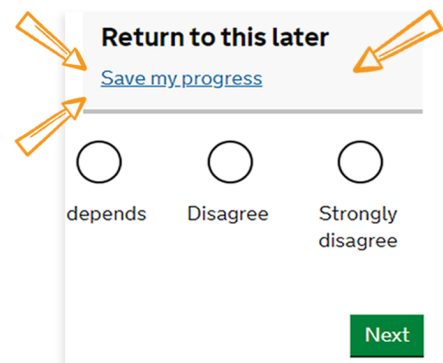

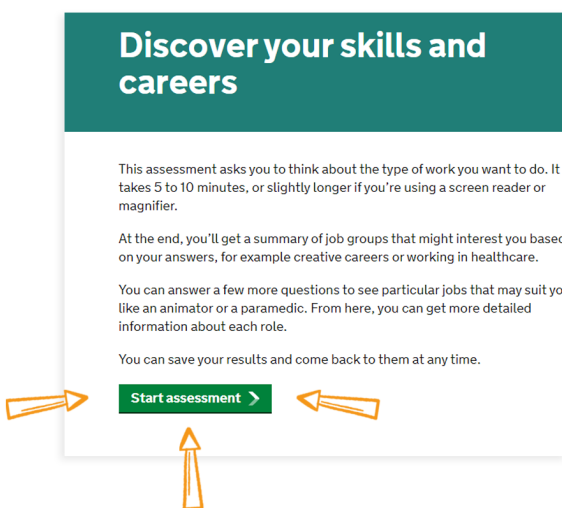

**Click
Start Assessment**

Answer each question honestly, the bar at the top will show your progress!

**Click
'Save my progress'**

This will save your progress and results - you will need them when you look at careers planning next week!
