

Shaping Futures core team and partners—Spring 2021

Learners engaged in 20/21

Shaping Futures is funded to work with young people from specific wards which have historically had high GCSE attainment and low progression to HE. In 2020/21 so far, we worked with **8835** learners.

Activities delivered in 20/21

In 2020/21, Shaping Futures has been unable to come into schools to deliver activities, instead appearing on screens in classrooms, or providing lesson plans and resources for teachers to deliver. We delivered 592 activities so far in 2020/21.

Year 9	Year 10	Year 11	Year 12	Year 13	FE
46	72	138	86	195	69

127 activities led
by HE providers

383 activities led
by core team

6 activities collab-
orated with other
partners

261 Group activities

Online engagement

Shaping Futures has a chat function on its website that can be used to talk to advisors or current students at our partners.

44 learners have used the chat
function to talk to us

20/21 planning

Shaping Futures have received confirmation that our funding has been extended until July 2022. This next phase of funding will see us continue our targeted sustained support in schools and extend our work with FE and adult learners. We are continuing to work with learners virtually but are looking forward to returning to face to face delivery when possible.

Data as on Shaping Futures' HEAT as of 13 April 2021.
